TRANSELEVEN CLAIMS MANAGERS, INC

serving the global insurance market

**TransEleven Claims Managers specializes in claims administration and program development services to entities in the business of underwriting risk.**

TransEleven Claims Managers (TCM) is a third-party administrator that provides comprehensive claims administration, litigation management and program development services to foreign and domestic insurers, risk retention groups, captive insurers, self-insureds and other entities in the business of managing risk. We provide our claims services in a variety of practice areas, with an emphasis in the niche area of Professional and General Liability risk exposures. At TCM, claims are managed by Claims Counsel, all of whom are experienced attorneys with insurance coverage and insurance defense litigation backgrounds in the practice areas we support.

TransEleven is led by a team of executives with 60+ years of experience providing claims management services to the professional liability and the excess and surplus arena, with a focus on specialty PL/GL program services and open market contracts in the London marketplace.
